Thinking of you with gratitude.

Sim2 here - she was my teacher at StMary's about a decade ago and I loved watching her rattle conventions and stirring up uncomfortable conversations about privilege, equality and activism. I honestly thought she was immortal.

Simone was such an amazing force. Someone to look up to and emulate. She touched so many in such a positive way. Thinking of you Tom xo

There are some folks you just can't imagine one without the other. That's you and Simone - Tom. I truly believe you will carry her with you always. She is always with you. May she find peace. May her memory be for a blessing

Thinking about both Simone & Tom ...

Tom I have no words really. Life is so fragile. And only you can write so powerfully about a life full of purpose. World will be a little less a good place without the happy powerful fighting voice of Sim One. A big hug

Dear Tom,

Thank you for this space. Simone's wisdom and strength and inspiration has had a transformative impact on so many. I'm deeply grateful to her.

Words are failing me. Only to say my thoughts and prayers and tears are all yours.

Tom, I'm holding you in my heart and focusing on the many moments of love and laughter over the years that I've shared with you, with Simone and with the two of you together. Those moments and that energy will live forever ❤️❤️❤️
