

CAMPAIGN FOR RU 486 and CONTRACEPTIVE RESEARCH

Don't Let American Women be Deprived of RU 486!

The women of America have the right to RU 486. And I want to do my part to see that this simple, safe, effective medication is not kept out of our country because of the intimidating tactics of the anti-abortion forces.

To help reduce the 1.6 million surgical abortions performed in America each year ... and to show my support for RU 486 and more contraceptive research, I will do my part to support this bold, new campaign.

WHEREAS ... Roussel Uclaf holds the patent on RU 486, the new, safe, effective medication which could prevent millions of surgical abortions; and,
